Faultlessly Made to Fit Any Figure

Our experience has taught us that New York men and their suburban brothers appreciate clothes that possess individuality. For this reason, twice a year, we give them the opportunity to secure custom-made suits at the price of ready-to-wear garments. \$18.50 is certainly a price within the reach of every man having a natural inclination to be well

The Cleverest Tailoring Talent will devote itself for the next 8 days to making suits

according to the dictates of skill and experience, and special attention will be given to customers by an increased corps of salesmen and tailors.

Consider These Strong Features: Styles-absolutely correct, and representing the highest type in single or double breasted sack suits.

Fabrics—newest and choicest materials of standard quality, in medium or heavy weight. Fancy blue and black fabrics, pin stripes, fine worsteds, cheviots, club checks, tartan plaids, blue serge, and many rich mixtures.

Patterns—this season's creations, in ultra-fashionable or conservative designs.

Colorings gay, modest, subdued and grave; plain and mixtures. Fit—as exact as expert measuring can make it, no matter what the peculiarities of a man's build. Workmanship-master-tailors who know every secret and detail that will add character to a man's apparel
